Letter No. F.C. 445 Rev. of 19-20 dated 27-2-1920 from the Deputy Commissioner, Chitaldrug District to the Food Controller and Director of Civil Supplies in Mysore.

I have the honor to state that the Holalkere Amildar reports that Navane is being daily exported to Dharwar and other places by rail in large quantities from Hosadurga road, Ramagiri and Holalkere Stations, that the price of this grain has suddenly gone up from 13 to 14 seers to 8 seers per rupee and that unless the export is prohibited, the District is likely to be depleted soon of this ~~quantity~~ commodity. It is further reported that the grain is being sold in large quantities at the Challakere Shandy which is the biggest in the District, obviously for export into the bordering British territories.

In these circumstances and in view of the fact that this grain is the staple food of a very large section of the population of the District, I request that Government may kindly be moved to pass immediate orders to bring the same under control. In anticipation of the Government orders, I have asked my Amildars to use their moral influence and prevent its export outside the State as much as possible and make it available for consumption within the State.
